SUMMARY

Final-year BE Computer Science student with hands-on experience shipping **full-stack web apps**, AI-powered tools, and tested APIs. Comfortable across React/TypeScript, Node/Express, Python/FastAPI, PostgreSQL, and Docker. **450+ DSA problems** solved and a **7.0 CGPA**. Seeking an SDE internship or entry-level role starting 2027.

EXPERIENCE

Software Engineering Intern
Jun — Aug 2026

Nexbyte Systems · Remote

- Shipped **12 reusable React + TypeScript components** across three dashboards, cutting new-page build time by ~30%.
- Rebuilt **8 REST endpoints** with Express and Zod validation, reducing 5xx responses by 45% in staging.
- Added **60+ Jest tests** and a GitHub Actions pipeline, lifting coverage from 41% to 78%.

Open Source Contributor
2025 — Present

GitHub · Remote

- **14 merged PRs** across React and developer-tooling repos, focused on accessibility and documentation.
- Fixed keyboard navigation in a component library used by **2k+ developers**.

Technical Lead — Coding Club
2024 — Present

MSS's College of Engineering and Technology

- Mentored **40+ juniors** through a 10-week DSA roadmap and ran 12 hands-on workshops.
- Organised a 24-hour hackathon with **120+ participants** and 18 shipped prototypes.

SELECTED PROJECTS

CampusConnect — Campus operations hub
2026

React · Node.js · Express · PostgreSQL · Prisma · JWT

- Events, lost-and-found, and notices platform with **1,200+ student accounts** and **p95 API latency of 180ms**.
- Cut manual coordination work by **40%** and replaced fragmented WhatsApp workflows with role-based dashboards.

ResumeIQ — ATS-aware résumé coach
2026

Python · FastAPI · scikit-learn · spaCy · React · Docker

- TF-IDF + spaCy pipeline that scores role fit and suggests line-level fixes with **92% match precision**.
- Processes **500 résumés in 12 seconds** across **18 ATS checks**, containerised for one-command deploys.

EDUCATION

BE in Computer Science & Engineering

MSS's College of Engineering and Technology

CGPA 7.0 / 10

2023 — 2027 (expected) · Final year

TECHNICAL SKILLS

LANGUAGES

TypeScript, JavaScript, Python, Java, C++, C, SQL

FRONTEND

React, Next.js, Tailwind CSS, HTML5, CSS3, Framer Motion, Vite, ARIA

BACKEND & DATA

Node.js, Express, FastAPI, Flask, REST, JWT/OAuth, PostgreSQL, MongoDB, Redis, Prisma

TOOLS & DEVOPS

Git, GitHub Actions, Docker, Linux, Postman, AWS (EC2/S3), Jest, Vitest, Vercel

FUNDAMENTALS

DSA, OOP, DBMS, Operating Systems, Computer Networks, System Design (foundational)

CERTIFICATIONS

- ✓ Meta Front-End Developer — Coursera
- ✓ AWS Cloud Practitioner Essentials — AWS Skill Builder
- ✓ Database Management Systems — Elite — NPTEL
- ✓ API Fundamentals — Student Expert — Postman
- ✓ Responsive Web Design — freeCodeCamp
